El filtro incrementa la pérdida de carga de la rejilla según el factor de corrección que se detalla en la siguiente tabla:

The filter modifies the pressure loss of the grille according to the factor that are detailed in the following table:

Le filtre provoque modifie la perte de charge de la grille suivant le facteur indiqué dans le tableau:

| Filtro | Filter | Filtre | FAP |
|---------|--------|--------|-------|
| G2 - G3 | | | x 2,8 |
| G4 | | | x 3,0 |
